

Attention Karters and Crews

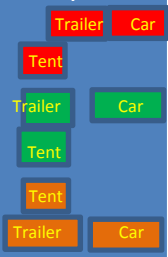

Your cooperation is requested by WKRC to ensure that our pit area is better utilised and all karts can be pitted close to the out grid.

Please:

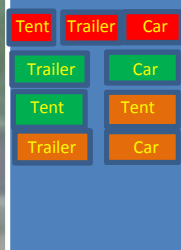

- Park close to your neighbours.
- Do not block the roads.
- Use pit size appropriate for the number of karts you have.
- Remove tow vehicle from trailer only areas.
- Park all cars along the Eastern fence. If you need to get out, park in the second row. If there are two cars in a team, park one behind the other, then you know who is blocking you.
- Observe the directions of the parking marshal.

Thank you
